Address:	6 Parker Club, Lake Glenn B6 5US
Hospital no:	1572429
Trial ID:	DEMO01-101-0005

Dear Dr Reed, I reviewed your patient in clinic on 02/06/2025 after her admission with unstable angina on 12/05/2025. She has a past history of Hodgkin lymphoma, treated in 2009, and remains in remission.

She continues study medication (Zelvoran or placebo) and aspirin 75 mg daily.

Yours sincerely, Dr Amelia Hart, Consultant Cardiologist
